

## Reporting Student Achievements to Students and Parents

### Reporting on Student Progress in 2<sup>nd</sup> and 3<sup>rd</sup> Year:

The Junior Certificate Profile of Achievement (JCPA) is a school awarded certificate, which informs parents / guardians and students on a broad range of student learning in junior cycle. It will report on Student Results in the formal State Examinations, Student Achievements in Classroom Based Assessments and “Other Areas of Learning”, i.e. skills developed and experiences inside and outside the classroom, sport, music, leadership, etc. This JCPA will be issued in the November or December period after students have sat the Junior Certificate Examination in June of 3<sup>rd</sup> Year.

In their “new” Junior Cycle subjects, now called “specifications” students will complete the following work, outside of the formal June exams in 3<sup>rd</sup> Year: ***Classroom Based Assessments*** in 2<sup>nd</sup> and 3<sup>rd</sup> Year and an **Assessment Task** in the middle of 3<sup>rd</sup> Year.

The Classroom Based Assessments will be specified at a common level and will be assessed against the appropriate learning outcomes. There will be four possible (results) descriptors:

<b>Classroom Based Assessment Descriptors</b>
Exceptional
Above Expectations
In Line With Expectations
Yet to Meet Expectations

The results of the Classroom Based Assessments will be reported to parents / guardians. These results will not form part of the overall Junior Cycle results, but will be included on the Junior Cycle Profile of Achievement.

The results of the Assessment Task will be included by the State Examinations Commission as 10% of the subject result but not be reported to the school and / or parents / guardians. These results will not form an identifiable part of the overall Junior Cycle Profile of Achievement.
